Associate in Arts: Sociology Pathway

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

Sociology is the study of social life, social change, and the social causes and consequences of human behavior. Sociologists investigate the structure of groups, organizations, and societies and how people interact within these contexts. As a broad social science, an undergraduate degree in sociology provides you with the technical and analytic skills and the global perspective you need to navigate the 21st century successfully and succeed in many careers. A degree in Sociology also provides a strong foundation for many career fields (see some of these fields listed below).

- Social services
- Administrative management
- Teaching/Education
- Sales and marketing
- Social science research and policy analysis
- Program support for nonprofit corporations
- Substance abuse education
- Public relations
- Human Resources
- Law field (law enforcement, lawyer)

	SOC 225	Social Diversity	3

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
