2018 - 2019 Associate in Science: Environmental Science Pathway

Arts and Sciences

Associate in Science: **Environmental Science Pathway**

All Pathways are design to transfer to a four-year institution for eventual completion of a BA/BS or BFA degree.

Careers in Environmental Science are varied. Environmental scientists do deskwork, fieldwork, or some combination thereof. The focus could be mathematical, physical, or written. The majority of careers in Environmental Science are some blend of these. Those engaged in Environmental Policy, Planning, and Management usually work for a local government and are likely to be engaged in research-intensive work. To become an Environmental Lawyer, additional education is required.

Total Cost Estimate

Tuition per Semester (NC Resident) (Subject to change)	\$1,216.00 (16+ credit hours) \$76.00/credit hour (1-15 hours)
Activity Fee	\$32/semester (9+ credit hours) \$22/semester (1-8 credit hours)
Computer Use and Technology Fee	\$48/semester
Student Insurance	\$2/semester
CAPS Fee	\$10/semester
Consumable Supply Fees	\$15 Some ART, BIO,CHM, HEA, PED, and PHY courses
Books	cost may vary

cost may vary

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
